

## Bell Ringer Ideas

The following may also be used in any STEM project.

1. What is the engineering design process?
2. What is your guiding question?
3. What is your design challenge?
4. What are the expectations for a STEM project?

Refer to your Journal Activity worksheet for information on the Four Cs of 21<sup>st</sup> century learning:

5. What are the Four Cs?
6. Name one of the Four Cs. Explain a situation in your everyday life when you need it.
7. Explain another situation in your everyday life when you will need one of the Four Cs?
8. Name one of the Four Cs. Explain a situation in the future when you will need it.
9. Explain another situation in the future when you will need one of the Four Cs.
